

# Community Service Hours 2012-2013

To all cadets,

As part of your training every year, you are required to complete a certain amount of Community Service Hours, either through Squadron activities, school events, or any other extra-curricular activities you are involved with, in order to qualify for your Level.

To assist you in ensuring that you meet the requirements for this element of your training, please use this form to track your Community Service Hours. Once you have met the requirement, be sure to submit the completed form to your Level Officer to be recorded on your file.

Each cadet in Levels 1, 2, 3 and 4 are required to complete a minimum of 4.5 hours of Community Service each year.

Using the chart below, please fill in the hours of Community Service as you complete them, and have it signed by the OPI or other staff member supervising the event.

**NOTE:** You may only count 2 hours of Community Service per event. For example, if you participate in Remembrance Day service for 4 hours, you can only submit 2 of those hours towards your Community Service Hours requirement for your Level.
